| Kansas State University | K-State Research and Extension News. COVID-19 Extension Resources  
www.ksre.k-state.edu/news/stories/about-us/covid-19-extension.html |                   | K-State Research and Extension specialists are subject matter experts in numerous aspects of life that have been affected by the COVID-19 pandemic. They provide unbiased, fact-based help in these subjects free of charge for the benefit of everyone in Kansas and the rest of the world. As our society faces the challenges of maintaining health-oriented practices, social isolation, school closures, financial pressures and more, these resources can help as you navigate through this challenging situation.  
As a land-grant university, Kansas State University is actively involved in the fight against COVID-19, including research projects, outreach efforts and faculty experts. |
Gov. Laura Kelly announced a COVID-19 testing strategy that will target asymptomatic Kansans in areas with high community spread. The current state plan limits testing to those with symptoms or exposure to individuals with confirmed infections. Phase one of the state’s new plan will provide testing for those without symptoms in “at-risk congregate settings,” like correctional facilities, schools and nursing homes. Kelly said the goal of the new plan is to help cover gaps in testing across the state.

The expanded testing strategy, paid for with more than $50 million in CARES act funding allocated to testing in September — following the highest number of cases in a reporting period for the state. The KDHE confirmed 2,037 cases and five new deaths since Friday. That brings the state totals to 58,629 cases and 637 deaths since the pandemic began.

Phase one will focus on screening the population by adding asymptomatic carriers in at-risk areas. When resources and need allow, they will move to surveillance testing, or testing groups outside of congregate living, within the community.

Each Executive Order is re-issued and remains in effect until January 26, 2021, until the statewide State of Disaster Emergency expires, or until the order is rescinded.

Pack the Pantry! Donations for Pack the Pantry fundraising effort in Junction City have exceeded the $15,000 mark. The funds will support the Food Pantry of Geary County. Sponsors of the effort include Eagle Radio, the Junction City Area Chamber of Commerce and Central National Bank. Additional donations accepted at Central National Bank outlets and online at PacktheJCPantry.org.

Dr. Lee Norman, the head of KDHE, said that the state has yet to see its biggest wave of coronavirus cases, suggesting the pandemic could spawn an average of 800 or even 900 new cases a day in coming months. Dr. Norman said Kansas is likely to surpass the record numbers of new confirmed and probable cases it has recently seen. The state had an average of 646 new cases a day for the seven days ending Wednesday, second only to the 667 cases per day for the seven days ending Monday. While the state’s most populous counties have continued to generate hundreds of new cases every week, rural areas also have been seeing spikes. Health department data released Wednesday showed that outbreaks have returned to the state’s prison system.

The DCF office in Junction City is now open to the public. Clients can apply for benefits in-person, online or pick-up paper applications outside of the service center. Completed applications can be left in the drop box outside the service center.

The SNAP online purchasing program is new and not yet accessible. This program allows Food Assistance recipients to pay with their EBT online for groceries at approved merchants. We expect the program to be implemented in September. Watch for further announcements from DCF.

The previously announced 5.3% cost of living increase to the maximum benefit amounts for the Supplemental Nutrition Assistance Program (SNAP) takes effect on October 1. As a result, SNAP households will likely see an increase in their benefits starting this month. Nearly all states have opted to automatically provide all SNAP households the maximum benefit for their household size under legislation passed in response to the pandemic. Therefore, with the increased maximum benefit amounts, a typical household of four will receive $680 a month, up from their previous amount of $646 per month, in addition to any benefits they receive from other nutrition assistance programs.

www.facebook.com/GearyCommunityFarmersMarket

Now offering free home delivery within Junction City for farmers market customers who are elderly, disabled, at high risk for Covid-19, or have limited transportation. At checkout, select "JC Delivery" as your pickup location and we will take it from there! Deliveries are for merchandise that is pre-ordered and pre-paid with the vendor.

Vendors are spread out and walkways widened for social distancing.
- If you have a mask, please wear it.
- Please maintain at least 6 feet of physical distance from other customers in walkways and while waiting at vendors’ stalls.
- Come to the market with a purchase plan in mind and limit social visiting with vendors and other shoppers.
- Bring as few family members as possible to attend the market.
- Please do not touch or sample items unless you are given permission by the vendor. Vendors are happy to help select and bag items for you.
- Some vendors accept pre-orders for quick and easy pick-up.

The Senior Farmers Market Nutrition Double Benefits Program is available for senior citizens who meet income guidelines. This program provides $30 annually to buy fresh fruits and vegetables. LWGC will double these benefits to provide $60 to spend on fresh fruits and vegetables.

Thursday, October 8th is TRIPLE DAY again at the Geary Community Farmers Market! They will triple the dollars you spend from your SNAP-EBT or Pandemic-EBT card. Here is an example of how it works:
1. Bring your SNAP-EBT or Pandemic-EBT card to the information booth at the farmers market.
2. We’ll swipe it for up to $25 (*this is the maximum double/triple – you can spend less if you’d like)
3. Get $25 in RED tokens to spend on SNAP food
4. Get $25 in ORANGE tokens to spend on fruits & veggies
5. Get another $25 in Market Bucks to spend on fruits & veggies
6. Shop for your favorite foods at the market!

Are you working on your shopping list for the farmers market? Our vendors have plenty of fresh, locally grown fruits and veggies, honey, and baked goods available.

If you have red SNAP-EBT tokens, orange Double-Up tokens, or our local Farmers Market Bucks – make sure to spend those by the end of the market this year.

TEXT: UWJCGCSTB to 44-321 to donate | Office hours: Mon-Fri 8am -3pm  
Donations can be made online or mailed to: PO Box 567 Junction City KS or in person at 139 E. 8th, Junction City KS | United Way of JC/GC, in partnership with Catholic Charities of Northern Kansas, will provide grocery assistance to qualifying residents of Geary County. All Geary County residents are eligible to apply for a grocery gift card as part of this program. Application does not guarantee approval. Gift cards are reliant on funding availability. Families receive assistance once every 30 days. Apply online: www.unitedwayjcqc.org/apply-assistance |
| USD 475 Schools | Safety Precautions for 2020-21 School Year:  
www.usd475.org/2020/06/30/safety-precautions-for-2020-21-school-year/  
In collaboration with the Geary County Health Department, the USD 475 school district asks that if your children have been in direct contact with someone with COVID-19, if they are waiting for the results of a test or are positive for COVID-19, please call the Geary County Health Department at 785-762-5788 as soon as possible. This will enable contact tracing and isolation/quarantine orders to be given so that the student's absence is justified. This will help both USD 475 and the Geary County Health contain COVID-19.  
Remote Meals:  
District students can pick up food from any school. The only requirement is that the be enrolled in the District.  
The federal food program contains an accountability requirement, that the child must be seen in order for a meal(s) to be distributed. However, the program does allow for a waiver from the Food Service Director when the need is deemed legitimate and documented accordingly.  
If you are seeking of a waiver, please contact Shelly Gunderson at (785) 717-4061. | *All schools allow remote learner lunch pickup from 10:30 to 11:30 am.  
Free virtual tutoring is available for students.  
Starting date for school, August 31.  
Teachers will return to work, August 20.  
The school year will end June 10, 2021. | Ware Elementary is running low on extra masks for the students who forget their masks at home. If you are willing to donate masks (disposable or fabric) to their building, they would greatly appreciate it! You can send masks with your students or come to the entrance by the flagpole and ring the bell.  
USDA has approved a program to provide school free meals to ALL students. Breakfast and Lunch meals are being provided free to all USD 475 students starting immediately, regardless of whether the student qualifies for free or reduced price, or pays full price.  
This program is scheduled to run until Winter Break. However, the USDA has warned that the program may end before then if funding for the meals runs out. Parents should ensure that applications for free or reduced lunches are turned in as soon as possible. This will prevent households from being billed for meals if program funding ends prior to Winter Break and USD 475 has to start charging students for meals. USD 475 will make every effort to notify households if funding ends and they will charge for meals again.  
Students do not need to do anything special to receive free meals. The free meals will apply to in-person students as well as remote learners, and all grades from Pre-K to 12th. |
| **WIC (Women, Infant & Children Program)** | Konza Community Health Center 361 Grant Ave, Junction City, KS Ph: (785) 762-5682 www.kpchc.org www.facebook.com/kpchc/

Fort Riley WIC 650 Huebner Rd. Ft. Riley 785-239-2288  
Families receiving State of Kansas insurance or SNAP benefits qualify for WIC. People experiencing layoffs due to COVID-19 may now qualify for WIC benefits. | Call for an appointment WIC recipients can drive to the locations for curbside delivery of their WIC cards, or they may choose to receive cards in the mail (usually within 7-10 days). | Agencies can continue with phone visits until the end of the pandemic. Please call for more information.  
Kids who participate in WIC are more likely to receive regular healthcare and get fewer childhood illnesses like ear infections, stomach viruses, and colds.  
We are spreading the health! WIC's benefits extend throughout communities. When stores participate as WIC vendors, healthy foods are available to all families in the community. |
